TOKYO (AP)—Communist China agreed today to buy a million tons of Cuban sugar in 1961, formalizing a five-year pact signed in Havana last July. The original agreement, which stands, was for at least half a million tons of sugar a year.

The deal was announced by the New China News Agency in a broadcast from Peking. The agency said Cuba also will get loan credits totaling 240 million rubles—worth \$60 million by Communist reckoning.

A joint communique signed by Maj. Ernesto Guevara, head of Cuba's National Bank and the country's economic chief, and Chinese Finance Minister Li Hsien Nien pledged closer friendship the agency said.

## Lumumba Has Fled Out of Reach of Foe

By MICHAEL GOLDSMITH

LEOPOLDVILLE (AP)—Fugitive ex-Premier Patrice Lumumba today was reported to have reached friendly territory some 400 miles east of the capital, well out of Col. Joseph Mobutu's reach.

Some sources said he abandoned his plan to go first to Stanleyville and was heading instead toward another of his political strongholds, Luluabourg, capital of Kasai Province.

Countless rumors swept through the capital concerning Lumumba's flight—including one that he had been arrested after an automobile accident near Kikwit and was hospitalized under a military guard.

This report was not confirmed by any responsible source.

Friends of the Communist-leaning former premier said he was last definitely reported at Idiofa, a village in the Kwilu area of eastern Leopoldville Province, and "acclaimed by the population" as continuing his overland journey toward Luluabourg.

Idiofa is 50 miles beyond Kikwit in the heart of the Bambala tribal area of Leopoldville Provincial President Cleophas Kamitatu one of Lumumba's supporters. It is more than half-way from Leopoldville to Luluabourg.

Story, who has been with the Corps of Engineers since 1941, will supervise the installation of power generating units at Table Rock and Bull Shoals in addition to his work at Beaver Dam.

He will also be in charge of the construction of public use facilities at Table Rock Bull Shoals and Norfolk Reservoirs.

## Court Dismisses Territory Dispute

LITTLE ROCK (AP)—An appeal by Woodruff Electric Co-operative in a territorial dispute with Arkansas Power & Light Co. was dismissed by Circuit Judge J. Mitchell Cockrill Tuesday.

Woodruff Electric had appealed a Feb. 1 Arkansas Public Service Commission ruling which gave APLC the right to provide electric service to Vale & Towne.

Forrest City leases its municipally-owned electrical distribution system to APLC.

The PSC ruled that a municipally-owned utility is exempt from suits over territorial disputes under Act 85 of 1955.

Cockrill upheld this view.

## All Colleges Ask for Big Increases

LITTLE ROCK (AP)—The Arkansas Legislative Council, the weights problem of funds for the University of Arkansas and state colleges on its hands, has adjourned its biennial round of budget hearings until next Tuesday.

The university submitted its proposed budget—asking an increase of \$4,736,346 for all units for each year — to the council Tuesday. The colleges had advanced their requests Monday.

Dr. David W. Mullins, university president, asked for an appropriation of \$8,700,000 for 1961-62 and \$9,800,000 for 1962-63 to run its main campus and extension services.

Storm Whitley, vice president for health services, asked \$6,900,000 a year for the University Medical Center.

The university request compares with a 1959-60 appropriation of \$6,260,000. The Medical Center got an appropriation of \$4,545,000 for 1959-60 and actually received and spent \$3,114,566.

Whitley said the appropriation asked for would enable the center to put all 450 of its beds in operation. It cut back to 268 beds after the 1959 Legislature sliced its funds.

Mullins said the main campus needs to raise its faculty salary average \$1,630 per year to reach the national average. A great deal of the university's requested increase would go for salaries.

The seven state-supported colleges asked for budget increases totaling \$262,013.

Gov. Orval E. Faubus notified the council Monday that about \$3 million in additional funds would be available for higher education each year of the next biennium.

Increases requested by the university and the colleges total more than \$7 million.

Arkansas AM&N College asked for approval of a budget larger by \$306,500 a year than its current appropriation.

Dr. Lawrence A. Davis AM&N president made a personal appeal to the council, which quizzed him about a controversy between himself and the AM&N Board of Trustees.

The board asked Davis to resign after an audit report revealed a discrepancy in handling of \$3,400 in a scholarship fund.

The board later suspended the request pending completion of the audit, which now is in Faubus' hands.

The council also briefly discussed the proposed budget of the state Teacher Retirement system Tuesday. It ordered Hoyt R. Pyle executive director of the system to draw up figures showing exactly how much the state had contributed to the retirement fund and how much teachers have contributed.

In earlier discussions of this budget the council learned that the state contributes on about a three to one ratio with teachers who put in five per cent of their pay.

## Man Claims He Was Robbed Here

A man listed as George Tyra, told city police last night that two men robbed and threw him off a moving Missouri Pacific freight train near the city limits last night.

## Russia Accused of Financial Veto in UN

UNITED NATIONS, N.Y. (AP)—Great Britain today accused the Soviet Union of trying to introduce a financial veto into the United Nations by opposing Secretary-General Dag Hammarskjöld's plan for financing the U.N. Congo operation.

British Delegate A. H. M. Hillis threw his full support behind the secretary-general's proposal to pay for the U.N. forces by making the cost a part of the world organization's regular budget to be paid for by assessments on member nations.

The Soviet Union announced it will not pay any part of the costs. It also argued that the Congo problem and other "controversial" U.N. projects be handled outside the regular budget.

Hillis said that the Soviet Union presumably used the word "controversial" to cover all activities which the Russians do not approve.

## Smathers and Kennedy Talk Things Over

WASHINGTON (AP)—Sen. George A. Smathers, D-Fla., briefed President-elect John F. Kennedy today on recommendations the senator expects to make soon for dealing with problems of the transportation industry.

Smathers, chairman of the Senate Commerce Transportation subcommittee, told reports after a breakfast conference at Kennedy's Georgetown home that he also discussed Latin American problems with the president-elect.

Smathers would not discuss the recommendations he has in mind in advance of the formal report he said he will submit to Kennedy in a couple of weeks. In that report, he said, he expects to make recommendations to help all forms of transportation including aviation, the railroads, trucking and other industries.

Smathers, who served as Kennedy's Southern campaign manager, had nothing to say about Kennedy's failure to carry Florida.

Nor did he discuss his report to Kennedy on the situation in Latin America. Smathers is regarded as a Senate authority on that subject.

Smathers expressed approval of Kennedy's go-slow approach to announcement of his choices of Cabinet and other key administration officials. He said he had discussed such matters only generally with Kennedy today.

## Dollarway Plan Before Dist. Court

LITTLE ROCK (AP)—The burden of getting rid of imposed segregation is placed on the shoulders of Negro parents and their children Negro attorneys said Tuesday in asking U.S. District Judge J. Smith Henley to disapprove the Dollarway School Board's revised desegregation plan.

"No objective and affirmative steps" are contained in the new plan, George Howard Jr. of Pine Bluff and Robert L. Carter of New York said in a three-page response to the new plan filed earlier with the court.

The original Dollarway plan was approved by Henley, but the U.S. Eighth Circuit Court of Appeals at St. Louis returned the plan with instructions to take it made more definite.

In its new plan the school board said first grade students would be assigned to schools of their choice unless such attendance is contrary to the state's Pupil Assignment Act.

One Negro Delores Jean York is now attending first grade classes in the previously all-white Dollarway school, near Pine Bluff.

## Record Vote in Arkansas Is Recorded

LITTLE ROCK (AP)—The vote at the Nov. 8 general election set a record of 42,950 in the presidential race official figures disclose.

President-elect John F. Kennedy received 215,049. Vice President Richard M. Nixon, the Republican nominee, 184,508 and the unpledged elector candidates of the National States Rights Party, 26,952.

That meant the Democrats had a narrow margin of 1,589 over their combined opposition.

Gov. Orval E. Faubus got 202,004 votes against Henry M. Britt of Hot Springs, who set a Republican record of 129,021 votes.

The Britt total exceeded the 127,004 which Pratt C. Remmel of Little Rock racked up against Faubus for a first term in 1954.

The Republican national ticket took 23 of the state's 75 counties. Britt carried three — Benton, Searcy and Washington. In his race and tied Faubus in Baxter.

The previous record vote total was 406,572 in the 1956 presidential race.

That year Democrat Adlai E. Stevenson got 213,277 votes and President Eisenhower, 186,297. A third party, with T. Coleman Andrews as its presidential candidate received 7,008 votes.

This year's official vote was announced by the secretary of state's office Tuesday.

## Tribesmen Turn Snipers in Congo

ELISABETHVILLE, the Congo (AP)—Rebel Baluba tribesmen armed with ancient rifles sniped at a column of U.N. Nigerian soldiers today in Katanga Province. The Nigerians fought their way out of an ambush two days ago killing at least 30 tribesmen and wounding many.

The tribesmen their faith shattered in the protective powers of witch doctors' voodoo stayed well hidden today in dense thickets along the Nigerians' march route. The U.N. column of slow-moving trucks and heavy vehicles is struggling from Kamina in western Katanga to the tin mining town of Manono 10 days ago the site of savage tribal killings.

The rebels have been slowing the column by digging trenches across the road.

The Nigerians will reinforce the U.N. garrison already in Manono. Four Nigerians wounded in the ambush Monday near the township of Kalfond-Dindia have been evacuated to a hospital in Kamina. None was seriously injured in the fight about 300 miles north of Elisabethville.

The Nigerians, who had been in the Congo just three days, were attacked with spears, arrows and ancient rifles.

## Enjoins State Officials From 'Interfering'

NEW ORLEANS (AP)—Three federal judges — ignoring on-going demonstrations for segregation — today swept aside every state-raised barrier to school integration and enjoined nearly all Louisiana officials from "interfering."

"The conclusion" read the opinion "is clear that interposition is not a constitutional doctrine."

Interposition is a theory by which a state puts its sovereignty between the federal government and the people of the state.

And later added: "Without support of the interposition act, the rest of the segregation 'package' passed by the Legislature would continue to fight despite the decision."

Further, the tribunal knocked out what it called "a series of measures which purport to abolish the Orleans Parish School Board."

State Rep. John Garrett of Claiborne Parish in the Louisiana Delta country in northeast Louisiana where segregation sentiment runs high said the Legislature would continue to fight despite the decision.

Gov. Jimmie H. Davis declined immediate comment.

State Sen. French Jordan of Gretna across the Mississippi River from New Orleans observed: "I don't know what we are fixing to do but we are fixing to do something and I'm going to be for it. Our work is cut out for us."

Atty. Gen. Jack Gremling left the state capital hurriedly for New Orleans.

While the court made public its decision angry housewives and mothers thronged outside a home of a white Methodist minister whose five-year-old daughter continues to attend one of the city's two integrated schools William Frantz Elementary.

The women jeered and yelled but the Rev. Lloyd Foreman already had spirited his daughter into her kindergarten class by the back door.

Foreman was target of similar demonstrations Tuesday when he took his daughter to school by the front door.

The three judges had been asked to rule on two motions: One by the Orleans Parish School Board asking suspension of integration until differences between state and federal governments had been

## May Televis Few Presidential Meets

WASHINGTON (AP)—The pos-  
sibility of holding some presiden-  
tial news conferences at night and  
making them available for live  
television is under consideration  
by President-elect John F. Ken-  
nedy.

A report to that effect was con-  
firmed today by Pierre Salinger,  
Kennedy's press secretary.

At a news conference Salinger  
said that while a possibility of  
live television at some news con-  
ferences has been discussed a  
decision is a long way off. He  
said there has been some talk, if  
news sessions are televised of  
moving the time in order that  
more people might watch. That  
would mean a news conference at  
night occasionally.

## UN Troops Kill 10 Tribesmen

ELISABETHVILLE, Katanga  
(AP)—A detachment of U. N. Ni-  
gerian troops killed at least 10  
rebel tribesmen in a bloody am-  
bush in this Congo province, the  
United Nations reported today.

Four Nigerians were wounded  
in the clash which occurred Mon-  
day near the central Katanga  
township of Kabondo-Dianda,  
about 300 miles north of Eliza-  
bethville.

The Nigerians were surprised  
by the tribesmen at a roadblock  
concealed around a bend in a dirt  
road.

The tribesmen appeared out of  
dense bush and began firing on  
the Nigerians with bows and ar-  
rows and rifles.

Three Nigerians were wounded  
before the rest of the detachment  
opened fire with Sten guns.

The tribesmen repeatedly swept  
toward the Nigerian detachment  
in waves apparently fearless  
from drugs. They ignored the  
withering fire.

Beside the 10 known dead  
many tribesmen were wounded.  
The Nigerians arrived at the  
western Katanga air force base  
of Kamina three days ago and  
were on their way to the rebel-  
tized town of Manono to

## Soldiers in Congo Seek Lumumba

BY MICHAEL GOLDSMITH  
LEOPOLDVILLE, the Congo  
(AP)—Congo soldiers went  
through the African quarter to-  
day, hunting for ex-Premier Pa-  
trick Lumumba.

The Communist-leaning Lu-  
mumba raised the threat of civil  
war Sunday by escaping his  
guarded villa apparently intend-  
ing to make his way northeast to  
Stanleyville his political strong-  
hold.

His top lieutenants there were  
reported organizing to restore him  
to power.

Some observers thought Lu-  
mumba may try to assemble Par-  
liament in Stanleyville under pro-  
tection of his followers in a di-  
rect bid for power.

Thomas Kanza, Lumumba's for-  
mer delegate to the United Na-  
tions, told newsmen Lumumba  
left Leopoldville by air for Accra  
and New York.

This report generally was dis-  
counted as a diversionary maneu-  
ver to discourage the hunt for  
Lumumba.

Officials of Col. Joseph Mobutu's  
provisional government were con-  
vinced Lumumba was hiding  
with friends in the booming Leo-  
poldville.

A U.N. official said Lumumba's  
escape from the guarded villa ob-  
viously was prepared with great  
care and outside assistance.

Mobutu's chances of tracking  
Lumumba were regarded as very  
slim.

Lumumba accompanied only  
by a driver and a secretary,  
crashed his darkened station wag-  
on through a sleepy Congolese  
army guard outside the Villa Sun-  
day night and disappeared.

His political foes Mobutu and  
President Joseph Kasavubu were  
not reassured by a statement is-  
sued later in his behalf that he  
would attend his daughter's fune-  
ral in Stanleyville and then return  
to Leopoldville.

## Mental Case Held in Bombings

NEW YORK (AP)—A fugitive  
from a mental institution—ques-  
tioned by police in the city's re-  
cent outbreak of Sunday and hol-  
iday bombings—was sent to Belle  
vue Hospital for observation to day.

Detectives said Walter Long, 29,  
admitted stealing explosives from  
construction jobs and that he was  
in the vicinity of all the blasts  
except one.

But Long denied he set off any  
of the explosions, police said.  
In five bombings here, one per-  
son has been killed and 59 in-  
jured. Four of the blasts were on  
Sundays and a fifth on Columbus  
Day.

Long escaped from Manhattan  
State Hospital July 5 and for  
several months has worked as a  
construction laborer and powder  
shack watchman. He was working  
on a street project in Port Rich-  
mond Staten Island at the time  
of his arrest.

More than 600 members of the  
police department worked on the  
bomber case. Long was picked up  
after police checked membership  
records of all trade unions han-  
dling explosives to locate men  
with past histories of mental ill-  
ness.

## Wind, Waves Force Ship Aground

TRAVERSE CITY, Mich. (AP)  
—A Liberian freighter lay ground-  
ed helplessly on a Lake Michigan  
island today, battered by gale  
wind and waves which kept Coast  
Guard cutters from offering im-  
mediate assistance.

The Francisco Morazan ran  
aground off the shore of South  
Manitou Island during a gale  
Tuesday night. At that time the  
captain Eduardo Trizias told  
the Coast Guard there were 15  
men and a woman aboard. Later  
he told a reporter on ship-to-  
shore telephone there were only  
14 persons aboard.

Trizias said "There is leakage  
charges of spying for the Soviet  
Union."

Hall and confessor Hirsch  
posed briefly with the marshals  
for pictures, but refused to an-  
swer questions.

Hirsch and Igor Y. Melekh a  
Soviet United Nations employe  
have been indicted on charges of  
seeking military maps and photo-  
graphs in the Chicago area for  
transmission to the Soviet Union.

In the double bottom when asked  
whether the ship was damaged  
but added that he thought there  
was no danger of sinking.

her TV commercial model's  
career. Then she acted oppo-  
site Tony Curtis in "The  
Great Impostor" and discov-  
ered there is QUITE a differ-  
ence between kisses designed  
to sell movie tickets rather  
than cigarettes.

2000-ton ocean-going freighter  
blamed the mishap on a snow-  
storm which cut visibility to zero  
and high winds. He said the two  
combined to drift him onto the  
rocks.

The Coast Guard cutter Mos-  
quite set out from Sturgeon Bay,  
Wis., to assist the storm stricken  
freighter. She arrived in the area  
early today but decided to lay  
over nearby until there was more  
visibility. Her officers said they  
considered the Morazan in no im-  
mediate danger.

Two other cutters were dis-  
patched to the scene by the Coast  
Guard the Mackinaw, out of  
Cheboygan, Mich. and the Sun-  
dew, out of Charlevoix, Mich.

Commander W. B. Chapline of  
the Coast Guard Air Station at  
Traverse City said the vessel was  
aground some 300 to 500 feet off  
the island's southwest corner, ly-  
ing almost parallel to the shore-  
line in 14 feet of water. He said  
she was pounding slightly.

South Manitou Island is about  
eight miles northwest of Glen  
Harbor, Mich. off the shore of  
the Leelanau Peninsula in north-  
west Lower Michigan.

In 1935 there were only 46 adult  
trumpeter swans in the United  
States. Now, thanks to conser-  
vation, their numbers have grown  
to 1,500.

## Serious U. S. Crime Up 11 Per Cent

WASHINGTON (AP)—Serious  
crime in the United States jumped  
11 per cent over last year's fig-  
ures for the first nine months of  
this year.

FBI Director J. Edgar Hoover  
reported today what he called  
"this accelerated crime rate" on  
the basis of preliminary figures  
covering most cities and nearly  
half of the country's rural areas.

He urged more citizen coopera-  
tion with law enforcement agen-  
cies to meet the problem.

Hoover noted that the first  
three months of this year wit-  
nessed a 7 per cent crime increase  
which grew to 9 per cent at the  
midyear mark and picked up an-  
other 2 per cent in the third quar-  
ter.

The nine-months crime data  
showed the sharpest increases in  
property crimes, with robbery up  
16 per cent, burglary 15 per cent,  
larcenies involving \$50 or more  
up 9 per cent and auto theft  
per cent.

Among crimes against the per-  
son forcible rapes led off with an  
8 per cent increase. Murders in-  
creased 4 per cent and aggravated  
assaults 3 per cent.

## DOROTHY DIX

Husband a Jekyll and Hyde

Dear Helen:

My husband scolds and snaps, not only at his wife and children but in-laws. I know he doesn't realize how he sounds or how he affects his associates. He even wonders why folks aren't more friendly.

He has a dual personality. One day he goes all out to be nice, the next day or hour, he is just the opposite. When I try to talk things over, he either raves on in his own thoughts, or refuses to talk. He is a good man, has no other really bad habits, and is religious. But I'm not happy with him and I'm sure he must not be with me, or he would not act as he does. How can I get a nearness to him and make our lives more happy? —Puzzled

Dear Puzzled: Since your husband is religious, you may be able to reach him through the Bible. Search the New Testament for the admonitions of Jesus and His disciples to love one another. Copy the quotations out and place where your husband will come upon them unexpectedly. One might be tucked in his shaving mirror, another in a trouser pocket or the windshield of his car, and so on. If this works, let me know. Suggestion is a powerful force, especially when sparked by the Bible.

Dear Helen:

Our family is one of high standards and good religion. One of my sisters says to keep my slate recordless. She objects to me (17)

going with a boy 17. He is popular, of our faith and not a foreigner. We are both seniors in high school and started going steady not long ago because we are genuinely fond of one another.

My father doesn't object but my mother does. She tries to reason with me, says this boy has no car, can't come over often and cannot take me out, whereas other boys could. But I can't find anyone I like better who is of the same religion.

I plan to start college next fall. My boy friend is going into the Air Force. I see in him the qualities of a mate for life.

The rule, "When in doubt, don't," is usually applicable, but I don't see how here. I am not taking this lightly. Should I break off or go steady? —Susan

Dear Susan: As you know if you read this column, I am opposed to going steady. You are neither fish, flesh nor fowl. The adage, "When in doubt, don't," seems excellent advice in your case. Better a little heartache now than a big one later.

Dear Helen:

We are a couple who needs your advice badly. I am 18, he is 24. We have dated a whole year. Ever since I graduated last June we have wanted to marry. My mother says "no" because he is six years older than I am.

I respect my mother's word but am not sure how many more "no's" we can take. Should we ask her once again then, no matter what her decision, marry? He has a good job and feels, as I do, that we can support a family. If we shouldn't go ahead without Mom's approval, how can we get her to break down? Please help! —A Troubled Couple

Dear Troubled Couple: A mother rarely approves of a son-in-law-to-be. If it isn't one thing, it's another to quibble over. The six years difference in age between you and your fiancé is no cause for concern. My grandfather was eight years older than my grandmother, yet they lived only for one another during their 53 years of married life.

Perhaps your mother thinks you don't yet know your own mind. Maybe she wants you to have a little more fun in life before you settle down. Why not have a good talk with her?

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Hasty Marriage."

### Quail Season in Arkansas Starts Thurs.

LITTLE ROCK (AP)—Quail hunting begins Thursday with the outlook for good hunting for most of the state.

Bob Pierce Game and Fish Commission biologist said that a late hatch in northern Arkansas should hurt hunting there since the birds won't be mature yet. But for the rest of the state, he said, "There's good quail population, maybe even better than last year."

Pierce said many of the quail will be in the woods Thursday but that they should move into fields as the season progresses.

## Suit Attacks Integration Measures

LITTLE ROCK (AP) — Trial of a lawsuit attacking four 1958 integration laws opened before Chancellor Murray Reed today.

Attorneys for the National Association for the Advancement of Colored People contended in opening arguments that the laws were "flagrant violations of constitutional rights."

Atty. Gen. Bruce Bennett, author of the measures, countered that they were valid and, further, that no one's rights had been violated because the laws had not been enforced.

The suit was filed nearly two years ago.

The laws under attack were all passed by a special legislative session called by Gov. Orval E. Faubus to deal with the Little Rock school integration crisis.

## U. S. to Give More Millions to Congo

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP) — The United States announced today it is ready to contribute approximately \$14 million more than its share of the U.N. Congo costs, but insisted on measures to make sure that all other members are required to pay their assessments.

The Soviet block already has announced it will not pay any part of the estimated \$6 million Congo expenditures for the current year.

The U.S. position was laid before the U.N. Budgetary Committee by Sen. George D. Aiken R-Vt., who said the United States not only would write off \$10,317,000 of the Congo airlift cost, but would contribute an additional \$3.5 million to \$4 million above the U.S. assessments.

"There must be assurances that no one will be tempted to argue in the future — as some have argued without foundation in the past — that there is no legal obligation to pay assessments for expenses which are not incorporated in a section of the regular budget," Aiken said.

The 99-nation committee began debate on the issue after the Soviet Union, had sought to sidetrack it until the political issues also could be discussed in the General Assembly.

Soviet Delegate A. A. Roschin accused Secretary-General Dag Hammarskjold of leading the United Nations into a financial crisis. Hammarskjold was warned that the Congo operation might have to be junked unless money is provided quickly.

interfering in operation of public schools to furnish membership and financial information to county officials.

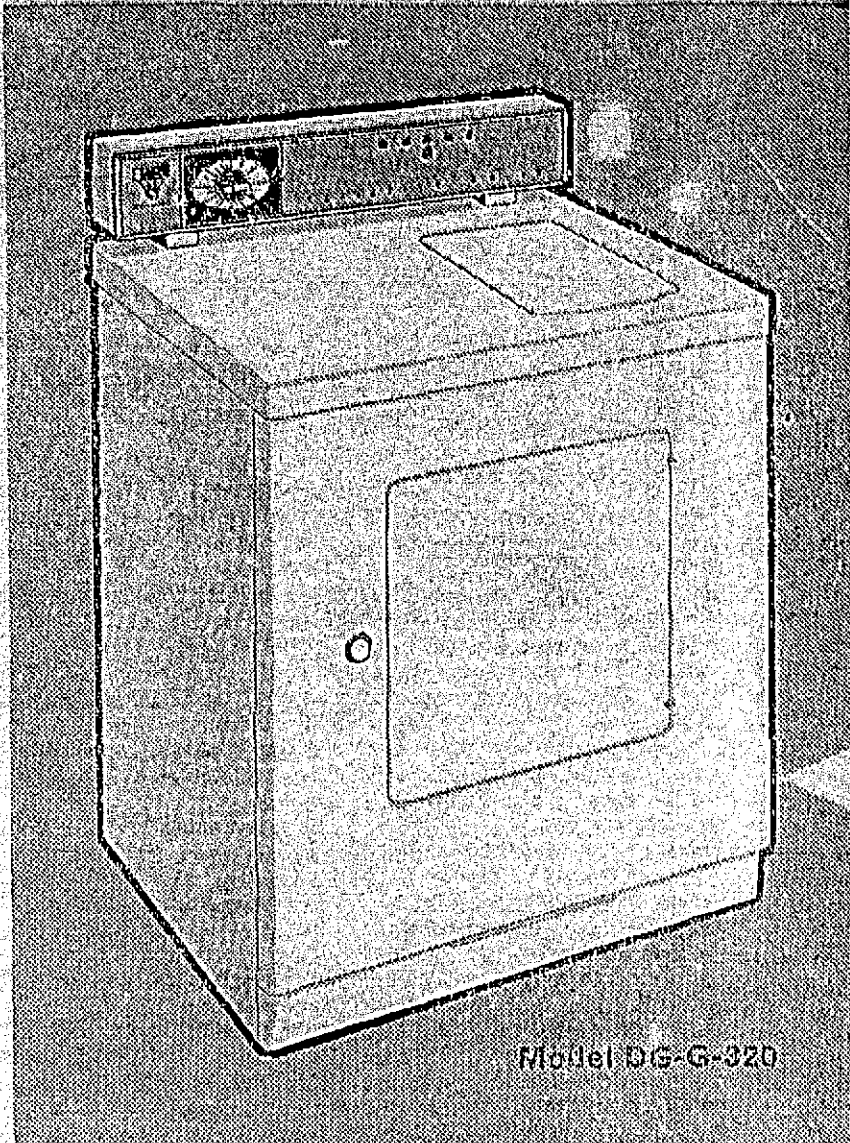

Act 13: Authorizing the attorney general to get a court order to search the offices of any organization he feels is evading state taxes.

Act 14: Prohibiting the encouraging of lawsuits and the financing of legal action instituted by others.

Act 1: Making it illegal to hire any person to file a lawsuit.

A similar suit attacking the four laws is pending in U.S. District Court here. A three judge federal panel ordered a test of the laws in state courts before a federal hearing is held.

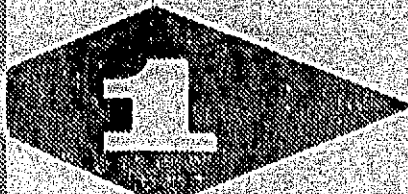

Reed is expected to take the suit under advisement after testimony is completed.

## UA Asks \$3.4 Million More in Budget

LITTLE ROCK (AP)—The University of Arkansas today asked the Arkansas Legislative Council to approve a biennial budget of \$18,500,000, almost \$3,400,000 more than the current biennial appropriation.

Dr. David W. Mullins, university president, said most of the increase would go for salary increases, which he described as the institution's most pressing need.

The university's projected budget showed \$4,100,000 spent for salaries last year with an estimated \$6,450,000 allocated for this purpose during the 1961-63 biennium. Mullins said the university has to compete in the national market for teachers and that the salary level at the university is about \$1,690 less than that in other state universities.

Mullins said present enrollment of about 6,000 is expected to double in 10 or 15 years and that present salary scales are not high enough to attract instructors to fill anticipated demands.

Arkansas AM&N College for Negroes at Pine Bluff has presented a proposed budget of \$1,066,860, which would be an increase of \$216,860.

Dr. Lawrence A. Davis, president of the college, said he would submit an amended budget asking a further increase today. He did not say how much it would be. Proposed budgets for the other six state-supported colleges were announced Monday.

In addition to these, Arkansas State College at Jonesboro asked for \$134,460 a year to operate its junior college branch at Bebe. It got \$74,057 a year for this purpose from the 1959 Legislature.

Gov. Orval E. Faubus notified the council Monday that about \$3 million a year in additional funds would be available for higher education. The council is expected to withhold action on the budget requests until the college presidents decide how this money should be divided.
